

MANUAL WORK POSITIONER

MANUAL SERVER LIFT

Application

Our range of Manual Work Positioners is the largest available and all models are available in powder coated mild steel or stainless steel.

An "Easy Winch" system is used to raise and lower the load safely and with a minimum of manual effort.

These lifts are remarkably manoeuvrable and extremely lightweight, all four wheels swivel and two are fitted with total stop brakes complete with toe guards.

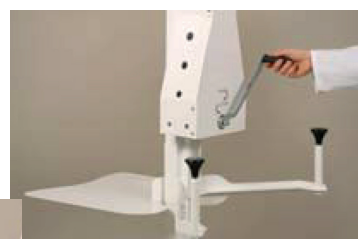

The laser cut design is not only very stylish but it is combined with high level stability and durability.

Various attachment options are available as optional extras including reel grippers and turners, mandrels, cradles and forks

PRODUCT OVERVIEW

Model	Raised Ht.	Lowered Ht.	Platform Lth x Wth	Capacity
WPM100	1590mm	130mm	500 x 600mm	100Kg
WPM140	1605mm	160mm	500 x 600mm	140Kg
WPM200	1430mm	160mm	500 x 600mm	200Kg
LL80	1180mm	145mm	470 x 500mm	80Kg
PL80	1215mm	160mm	450mm x 50mm dia mandrel	80Kg
LOL80	1100mm	75mm	470 x 500mm	80Kg

Winch Unit / Controls

The easy winch system provides maximum lift for minimum effort. Highly accurate load positioning is also achieved. Fitted with low maintenance components such as stainless steel springs, ratchet, hammer and bearings. An automatic friction brake prevents uncontrolled lowering.

Mobility

Four all swivelling castors are fitted as standard onto a perfectly balanced chassis. This provides near effortless movement and excellent manoeuvrability. All wheels are fitted with stainless steel roller bearings and are non-marking heavy duty poly rims. The rear wheels are supplied with anti-toe trap guards.

Easy-Steer Handles

Ergonomically designed and unique to the WPM series, the palm handles fit comfortably in the hand and prevent user fatigue.

Main Safety Features

- 75 wire lift cable with 75 individual wires, min. 960Kg test break.
- Lubricated for life cables guides.
- Deadman controls.
- Overload protection.
- No electrics.
- Cable guards.
- Operator protection.
- Toe guards.
- Total stop wheel brakes (rotation & swivel).
- Finger trap guards in mast.
