

# ENLOGIC

ADVANTAGE SERIES iPDU

# Advanced Network Management Controller (NMC)

**High Visibility Data Display**

Phase Level      CB Level

**Critical Alarm Icons**

- PDU Alarm
- Cascade Error
- Environmental Alarm
- Security Alarm
- Circuit Breaker Alarm

**USB**  
Future proof, local upgrades and expanded sensor support

**Gigabit Ethernet**  
Primary network connection

**Toolless Installation**  
Quick hot-swap replacement allows for high visibility and rotation of display allows for top or bottom mounting orientation

**Interactive Display**

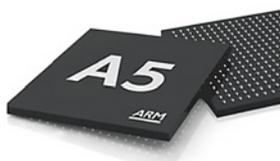

- MENU
- SELECT
- SCROLL

**10/100 Ethernet**  
For redundant networks, dual network access, and high bandwidth cascading

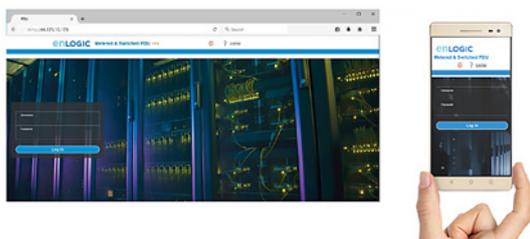

### Best-in-Class Microprocessor

### Remote Connectivity

### Powerful OS Platform

Cortex A5 Microprocessor  
256Mb RAM, 256Mb Flash

### Advanced Web Platform

Data Efficient & Native Mobile Device Support

### Software Integration

Easy Integration With Most DCIM Software

# Enlogic iPDU Feature Set

## High Accuracy Metering

(V, A, VA, W, kWh, pf)  
Billing - grade accuracy

## Advanced Networking

For future proofing and redundancy

## Toolless Hot-Swap NMC

For maximum availability and future upgrades

## Environmental Monitoring and Access Control

With plug-and-play support for up to 10 digital sensors

## Best-in-Class Warranty

For investment protection

Contact us  
about Custom  
Designed PDUS

## Ultralow Profile Design

For easy equipment access

## User Defined Electronic Colour Coding

For easy power source identification

## IP Cascading

Manage up to 64 PDUs through a single IP address

## DC Power Sharing

Two-way power sharing for an always-on network management and alarms

## Colour Coded Outlets by Circuit Breaker

Visual phase and load bank identification for reduced human error

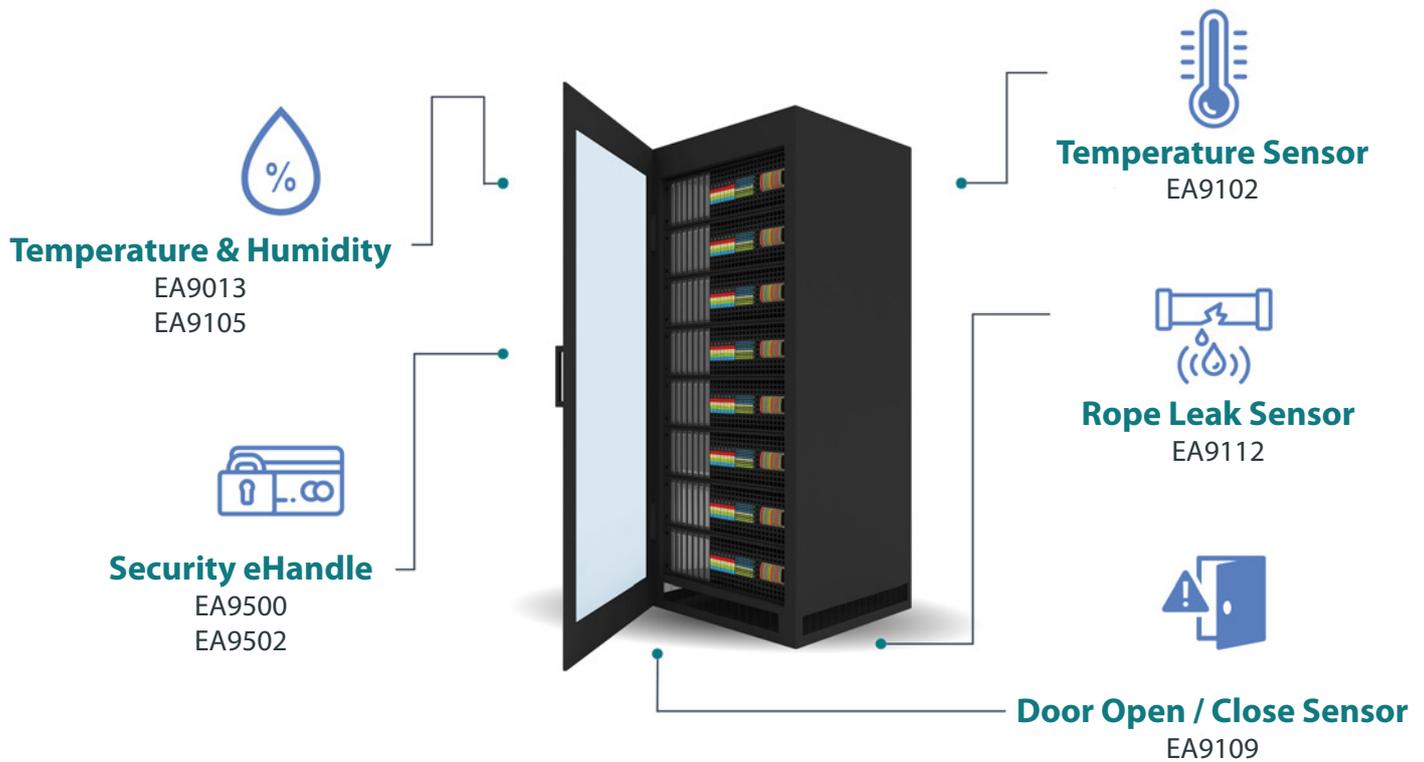

## IP Cascading With DC Power Share

Up To  
64 PDUs

# Environmental & Security Management

Enlogic PDUs can directly connect and manage up to 10 plug-and-play environmental and security management devices.

## Combo Outlets - Flexible & Futureproof

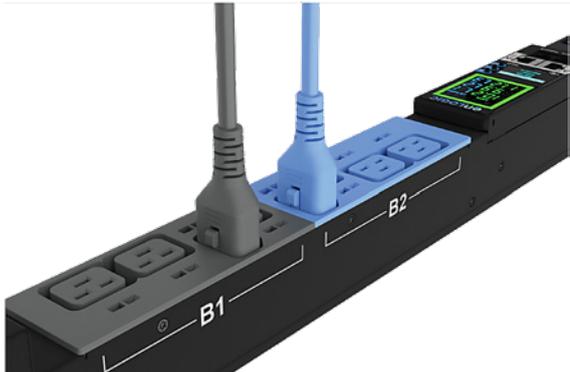

- 2-in-1**  
C13/C15 compatible
- 4-in-1**  
C13/C19/C15/C21 compatible

- C13
- C15
- C19
- C21

Coming Soon

**Locking Power Cords**  
Enlogic 2-way locking IEC power cords provide protection against accidental power loss of your attached IT equipment when used with any Enlogic PDU. A small tab fits into the IEC C13 or C19 outlet of any Enlogic PDU providing an error-proof locking mechanism.
