PLENAFILL®

23" BLANKING PANEL SHEETS
BLANKING PANEL SOULTION FOR 23" WIDE TELCO RACKS

edp
Distribution

Best practice in the data centre requires that unused U space is sealed to prevent hot exhaust air from finding its way to the air intake area at the front of the cabinet.

The PlenaFill® blanking solution is now available to prevent this recirculation in 23"Telco racks.

Features & Benefits

- Panels are perforated for easy separation.
- No cage nuts or assembly required.
- No air gaps between U's.
- No Particulates.
- Quick installation saves time and money.
- Inert / <.01% Non-Hygroscopic / WEEE compliant.
- UL-VO 94 Electrical Insulating material.

PRODUCT OVERVIEW

P/N: 49-PF-12U-23
Fits 23" EIA Compliant Mounting Rails
Qty: 12 x 23" 12U Scalable Blanking Panels
Panel Size: 532mm(H) x 592mm(W) x 1mm

1.75"

Panel width 23-5/16" (592.14 mm)

Panel height 20-15/16" (12RU's)

12 rack units each 1.75"

Mounting holes 22-5/16" o.c. (566.7 mm)
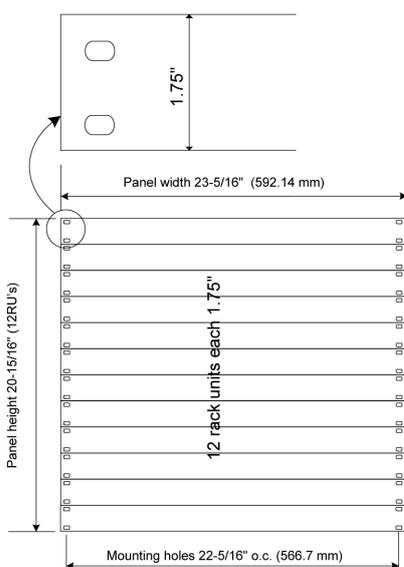

UL-VO Electrical Insulating material
U's are perforated for easy separation
Minimal packaging / Less storage / Less freight
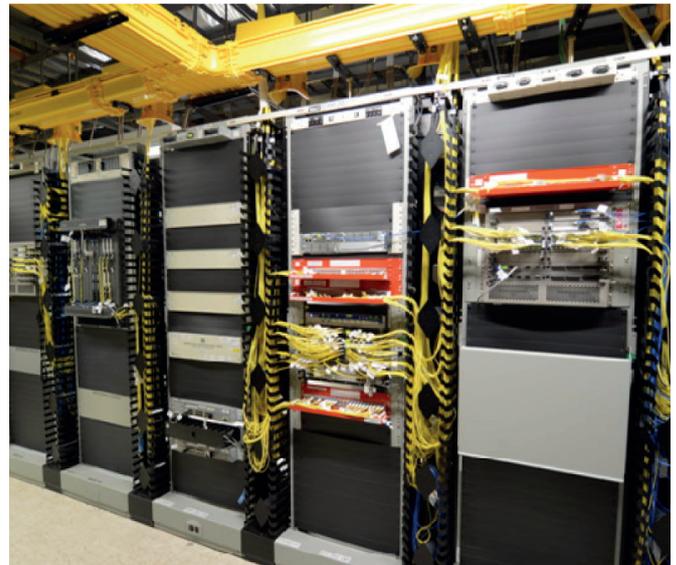

P/N: 49-PF-1-23
Fits 23" 1" o.c. Mounting Rails
Qty: 12 x 23" Scalable Blanking Panels
Panel Size: 529mm(H) x 592mm(W) x 1mm

1.00"

1.00"

2.00"

Panel width 23-5/16" (592.14 mm)

Panel height 20-13/16"

Two 1" sections

Nine 2" sections

One 1" section

Mounting holes 22-5/16" o.c. (566.7 mm)
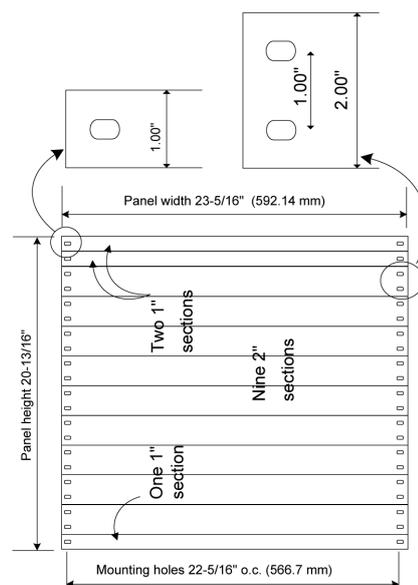

Inert / <.01% Non-Hygroscopic / WEEE Comp
No air gaps between U's / No assembly required
Quick installation saves time and money
