

SwitchAir Product Range

Active Network Switch Cooling Models

83-SA2-002

- Active 2U SwitchAir universal side / rear intake for multiple rear mounted 1U switches. Includes switch support bracket.
- Chassis Depth: 9" (229mm).
- Channel Depth: 26" (660mm).
- Airflow: 94 CFM.

83-SA2-003

- Active 2U SwitchAir for single side air intake for multiple rear mounted 1U switches. Includes switch support bracket.
- Chassis Depth: 9" (229mm).
- Channel Depth: 26" (660mm).
- Airflow: 47 CFM.

83-SA2-004

- Active 2U SwitchAir for rear mounted 1U switches with front (Port) air intake. Includes switch support bracket.
- Chassis Depth: 9" (229mm).
- Channel Depth: 26" (660mm).
- Airflow: 94 CFM.

83-SA2-006

- Active 2U SwitchAir for side intake / side discharge for multiple slot core switches.
- Chassis Depth: 18" (457mm).
- Channel Depth: 1 - 18" (457mm) 2 - 26" (660mm).
- Airflow: 188 CFM.
